PHOSPHATE LANDS.

If you have any phosphate lands you wish to sell or lease on royalty communicate with him.

Office next to Dr. Smith. Postoffice Block. Ocala, Fla.

SARA ELIZABETH HARRIS, Local Editor

HAPPENINGS ABOUT TOWN.

The prices for pears are holding up remarkably well.

Rev. J. A. Hendry and family have returned home from a visit to relatives at Arcadia.

Mr. William Himes, of Tampa, was in Ocala Tuesday returning from a trip to Tennessee.

Mr. C. A. Crews, of Jacksonville, representing the Times-Union, was a visitor to Ocala Tuesday and a guest at the Montezuma.

Miss Gertrude Peyser has gone to Eufala and other places in Alabama and expects to be absent about six weeks.

Mrs. Clarence Camp, children and governess left Wednesday for Atlantic Beach to spend the balance of the summer at the Continental hotel.

Messrs. Richard S. Hall and Evan P. Thagard returned home Tuesday morning from Atlantic Beach, where they spent several days at the Continental hotel.

Mrs. Edward Hiller and daughters, Miss Mona Hiller and Miss Hazel Hiller left Tuesday for Atlantic Beach, where they will spend a month or six weeks.

Mr. Anthony C. Finzel, of Weirsdale, came up to Ocala Monday night with the picnic crowd and was the guest of Mr. D. S. Woodrow. He returned to the lake Wednesday afternoon.

Charlie and Lucile Standley and their visitors, Mabel and Willie Knight, of Valdosta, returned home Tuesday afternoon from Lake Weir, where with Mr. and Mrs. W. M. Goin they have been spending a week. Mr. and Mrs. Goin will remain at the lake for some time longer.

Mr. and Mrs. Albert Martin, formerly of Valdosta, are pleasant acquisitions to Ocala social circles. As Miss Stella Knight, Mrs. Martin was a frequent visitor to Ocala and her friends here are delighted to know that she will make her home among them. Mr. Martin is a popular traveling man and is now doing this territory and making Ocala his headquarters. Mr. and Mrs. Martin are stopping at Mrs. Palmer's on Ft. King avenue.

Mr. E. L. Snowden, formerly of Ocala, has a mule and winnie farm near Lake City.

Mrs. J. R. Moorehead and children who have been spending several weeks at Lake Weir, returned home Tuesday afternoon.

A little son was born to Mr. and Mrs. Speigner Anderson, of this city, Sunday at the home of Mrs. Anderson's parents in Augusta, Ga.

Mrs. Bridges and two children, of Ocala, Fla., who have been spending some time with Mrs. Garrin, left yesterday for a stay of a few weeks elsewhere.—Saluda (N. C.) Notes in Jacksonville Metropolis.

Miss Julia Lindsey gave a very delightful party Tuesday afternoon to a number of her little girl and boy friends, the occasion being her sixth birthday. All spent a pleasant afternoon playing different games that children delight in.

Misses Mary and Rebecca Anderson will leave in a few days for Louisville, Ky., where they go to spend several weeks with their aunt, Mrs. W. L. Hale, who spent the past winter in Ocala. They will also visit relatives in Mayfield.

Mrs. Bullock, wife of General Robert Bullock, died suddenly at the family home in Ocala a few days ago. General and Mrs. Bullock had been married fifty-three years and have reared a large family of sons and daughters, whose excellent citizenship is the best monument to the memory of the good woman whom Ocala mourns at this time.—Starke Telegraph.

She Tried Five Doctors.

Mrs. Francis L. Sales, of Missouri Valley, Ia., writes: "I have been afflicted with kidney trouble five years; had severe pains in my back and a frequent desire to urinate. When riding I experienced severe pain over the region of the kidneys. I tried five physicians without benefit and then concluded to try Foley's Kidney Cure. After taking three \$1 bottles I was completely cured." Postoffice Drug Store.

Mr. George Blitch, with the Commercial Bank, has been transferred to the Jacksonville bank. This is a step upwards.

Who ever saw gold put on the collection plate. Silver—nickels and dimes, sometimes quarters—is the church going money.

VICTORY TURNED INTO DEFEAT

Chamber's Cyclones Had the Game Cinched up to the 9th Inning.

Interest in the Ocala base ball team still keeps up. The game of Tuesday afternoon on the South Third street diamond was deserving of all the enthusiasm it received. The score was closer than that of any other game played here in some time. There were better hits and more thrilling catches and stops. The players showed more energy neither side was willing to show down until the contest was over.

The erstwhile Banners have christened themselves the Cyclones, and are now managed by Mr. H. S. Chambers. The team that has represented the Star now style themselves the Whirlwinds, and it was a whirlwind finish they gave the spectators in the ninth inning. With the score three to nothing they came to the bat in their half of the ninth inning, and before the side had been retired they had sent four men across the rubber, winning the game.

The Cyclones made more safe hits than the Whirlwinds, but they also made more errors, and most of them were costly. They seemed comparatively safe until the ninth inning, but baseball is an uncertain game. The Whirlwinds were rallied and the Cyclones were rattled. Both pitchers did remarkable work, and fielded their position well. Clark, however, pulled down several long drives that looked like they would count.

First Inning. Whirlwinds to the bat. Vogt made three graceful fans at the ball and missed. Scott was sent to first on a free ticket, and Jewett hit to second where the ball was fumbled. Both remained on these bases while Liddell and Wheeler struck out. The Cyclones did better. Ford drove a long one to Cole who hung to it. Harris hit to left field for two bases, took the third sack on a passed ball, and ambled home when Bullock hit safely past short. Peyser hit to pitcher and forced Bullock out at second. Barfield retired the side with a pop-fly to pitcher.

Second inning. Martin made first on Moore's error. Cole rode to first on a free pass, Sullivan braced himself for a long hit, but only missed the sphere. Clark hit to Moore and forced Martin out at third. Vogt ended the inning by hitting to first. For the Cyclones Camp hit for one base. Ford was substituted to run for him and stole the second and third stations, Brewer hit a high fly to Jewett who stuck his hooks into it. Anderson vainly tried to hit the ball and fanned. Clark threw four wide ones to Moore who paraded down to first. It was Ford's bat so Bullock was put in to run for Camp. Moore stole second and Liddell tried to throw him out, and Bullock tallied when Jewett returned the ball with a poor throw. Ford ended the agony by striking out.

There were no further runs scored during the next five innings. Many of the batters were mowed down at the plate on strikes as grass before the reaper. In the seventh inning after two were out, Wheeler hit to Moore, who fumbled the ball, but luck was with the pitcher, who in trying to recover the ball bowled it to Anderson, retiring Wheeler.

Eighth inning. Scott bunted and made first. Jewett sacrificed him to second. Liddell hit a long fly to Peyser who froze on to it and doubled Scott at second. In the Cyclone's half of this inning Bullock hit to left field and tried to turn a one base hit into two bases, but was thrown out. Peyser bunted safely, pilfered the second sack and came home on Barfield's hit to center. Cyclones, 3; Whirlwinds, 0.

For the Whirlwinds, in their lucky ninth, Wheeler hit to left, Martin sacrificed him to second, Cole hit to second and Wheeler crossed the slab

on Brewer's error. Cole went to second on a passed ball, stole third, Sullivan fanned. Clark waited and was given his base. Vogt hit to Bullock, who made an error and Cole and Clark tallied. Vogt stole second and scored on Scott's hit to left field, winning the game.

The Cyclones were not equal to the occasion and went out in one, two, three order.

The score:—

CYCLONES.										
	AB	R	H	PO	A	E				
Ford, c.	5	0	1	12	1	0				
Harris, 3b.	4	1	1	2	0	0				
Bullock, ss.	4	0	2	0	1	1				
Peyser, lf.	4	1	1	1	1	0				
Barfield, cf.	4	0	1	1	0	1				
Camp, 2b.	4	1	1	2	0	2				
Brewer, rf.	4	0	1	1	0	1				
Anderson, lb.	3	0	1	8	0	0				
Moore, p.	3	0	0	0	6	1				

WHIRLWINDS.										
	AB	R	H	PO	A	E				
Vogt, 2b.	5	1	0	2	1	0				
Scott, 3b.	4	0	2	3	1	1				
Jewett, ss.	4	0	1	3	0	1				
Liddell, c.	4	0	0	9	1	0				
Wheeler, lb.	4	1	1	4	0	0				
Martin, lf.	3	0	1	1	1	0				
Cole, cf.	3	1	1	2	0	0				
Sullivan, rf.	4	0	0	2	0	0				
Clark, p.	2	1	0	1	4	0				

Batteries, Whirlwinds, Clark and Liddell. Cyclones, Moore and Ford.

Following is the score by innings.

Whirlwinds:—0 0 0 0 0 0 4 4
Cyclones:—1 1 0 0 0 0 1 0 3

"Happy Jack" Horner umpired the game to the entire satisfaction of both teams. His decisions were prompt and accurate. He was the master of the whole situation.

We understand that the Palatka team has accepted a challenge from the home team, and our enthusiasts will be treated to two games with an outside team.

Cured of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy" says Mrs. Mattie Burge, of Martinsville, Va. I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all druggists.

Love Released and Re-Arrested.

The trial of Allan Love for the killing of Pitts Saturday morning resulted in his release, the only evidence produced against him being Cook's "confession."

Immediately upon his release from custody as a prisoner in the Pitts case he was arrested for complicity in the killing several weeks ago of William Ruth just east of the city. The date for his hearing in the latter case has not yet been set.

Korea is a promising market for American commodities. According to Dnnn's Review in 1896, we exported to that nation commodities amounting to \$32. For the first eleven months of the fiscal year just closed we exported manufactured articles amounting to \$356,598. The "Hermit Nation" is coming out of her seclusion and is becoming a patron of America's shops and mills.

With the Masons at Martel.

Messrs. W. C. Lindsay, Ed W. Davis, James E. Chace, Herman Benjamin, N. I. Gottlieb and J. J. Williams, members of the Marion Dunn lodge of Ocala went out Friday night to be with the Masons at Martel and enjoyed themselves immensely.

The family of a dead Japanese soldier gets, roughly speaking, one-third the pay of his rank. This would give the widow of a private \$1.25 a month; a first lieutenant, \$6.25; of a captain, \$8.33, and to the widow of a colonel, \$20.

The Camp Phosphate Company's Interests Leased.

It will be seen from an announcement copied from the Philadelphia American Fertilizer, printed elsewhere in this paper, that the vast interests of the Camp Phosphate Co., doing business in this county and in other counties in the state, were leased on the first of the month to Messrs. Clarence and Jack Camp, sons of Col. W. N. Camp and both residing in this city.

The company has seven plants in operation and expect to erect several others soon. The Fertilizer does not state what Col. W. N. Camp and the other members of the firm expect to do.

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50ct. bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." Postoffice Drug Store.

The Candidate's Horror.

Time is now here when the candidate fears to open his newspaper lest he discovers that a man he never heard of has, after wrestling with himself in prayer, decided not to vote for him.

On the other hand he hesitates to turn over the page, dreading to find that his fool friends have done some more blundering thing to make his defeat a certainty.—New York Telegram.

Chicken Thieves

Wednesday night Miss Daisy Bell says that a chicken thief entered her premises and stole a dozen or more of her choice chickens.

Thursday night perhaps the same thief entered the premises of the editor of this paper and stole about the same number of fine fryers.

Now, this is harrowing.

The police should lock up every suspicious character found loitering on the streets after 12 o'clock at night.

It is after this hour that these thieves do their depredations.

"Cash" Thomas, a former Floridian, who is popularly known to many people in this city, is on a visit to Jacksonville and Palm Beach for three weeks. It will be remembered that Mr. Thomas was superintendent of the Sub-Tropical Exposition in this city after the late S. A. Adams left it. He built the rustic building at the Sub-Tropical for the Hernando county exhibit, and he had "Old Joe," the alligator, boxed up for shipment to Atlanta when the yellow fever broke out here in 1888. He was the first to ever introduce chalk plate work in Florida, and in 1884 was publisher of the Brooksville Register.

Like all good Floridians, M. Thomas thinks there is no place like the Land of Flowers.—Jacksonville Metropolis. Mr. Thomas resided in Ocala for many years and his friends here will be glad to hear of him again.

An Imitation.

The two extracts which follow convince us that "Uncle Joe," our special Gaiter correspondent, is read away from home and creating an influence.

Walter Batson was seen in town Sunday evening. What does this mean, Miss Dora?—Dickson (Tenn.) Verdict.

News are as scarce as hen teeth at Crooked Creek this week.—Leaf River (Ill.) Mirror.

It is noted that Colonel Brown in the list of exhibits proposed for his south Florida fair includes milch cows one year old. It is evident that Colonel Brown has never been engaged in the dairy business.—Tampa Times.

THE FORTY-YEAR-OLD.

It is a commonly accepted saying that unless a man is well along towards success before he is 40 years of age he will not succeed.

The statement is too broad. The facts are against it.

A study of the lives of successful men will show that success comes to most men after rather than before 40.

Is it financial success? Who has made a great fortune before he was 40?

Or politics? Few men get started in politics before 40. The man who goes to the United States senate at the age of 50 is classed as a "young senator."

Or merchandising? Or literature? Or art? Or war?

The facts are most men at the age of 40 are just ready for successful endeavor. They have made mistakes. In that way they have learned experience. They have discovered their limitations. They have found where they belong.

It is not necessary to quote instances. Life and literature are full of them. Men have distinguished themselves at 40, 50, 60, 70 and even at 80 years—seldom before 40.

Fortunate indeed is he who is well on the way to success at 40. Fully as fortunate he, though unsuccessful, who at 40 has learned the world and himself and has not lost courage.

Courage. That's the main thing.

You can't keep a brave man down no matter what his age. He may fail but he will rise. And some day he will have his charmed circle.

Are you 40, or more?

Are you fairly fitted to begin life? No young man can buy your experience. You know things as they are.

No illusions. You know your fellow man. You know yourself. And out of this knowledge you are mightily equipped to organize victory out of defeat.

The main thing is courage!—Palatka News.

One Ladies' Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets.

I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these tablets. P. M. Shore, druggist, Rochester, Ind. The purgative effect of these tablets makes them a favorite with ladies everywhere. For sale by all druggists.

How Much do Animals Know?

Answer. When dogs, cats and other animals carried long distances on cars and steamers, sometimes confined in bags and baskets, can, without asking any questions, find their way home, and birds travelling thousands of miles come back year after year to the same nests, it is pretty sure that they know some things to a knowledge of which no human being has yet attained.

The vast field of animal intelligence it to be studied, and the more we study the more we will be filled with wonder and admiration.—Geo. T. Angell in Dumb Animals.

Group.

In a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c, \$1.00. Sold by Anti-Monopoly Drug Store.

Hotels are more popular now than they were in the long ago, and yet we read in some of the old newspapers that the fare used to be twelve cents for meals, six cents for lodging and a mug of rum for three cents. The modern traveler pays now more than that for a drink and a shoe shine.
